A dignified funeral – plus other valuable benefits

Planning ahead makes a difference. By taking time now, you can provide both financial and practical help for you and your loved ones in the future. It means that you and those closest to you do not have to worry about the expenses when you or they are most vulnerable and least able to cope. It is a simple way for you to take control of your affairs, gain peace of mind, and help your family at a difficult time.

Our **Excellence Family Funeral Plan** provides money for your funeral and the funerals of your dependants. By paying as little as R70 a month, you can make sure of a dignified burial for you and your loved ones.

Did you know that our claims are paid within 48 hours?
